ABOUT VICTORIA

Victoria Reynolds is a Spiritual Luminary, Story Healer, Thought Leader, and Oracle of Freedom.

Victoria was born into a polygamist cult in the mountains of Montana where she faced a continual barrage of mental, emotional, physical, sexual and spiritual trauma before running away from home as a teenager. Against all odds she went on to become a successful entrepreneur.

In 2008 she experienced her mid-life transition, resulting in a complete collapse of everything she had built, forcing her to reconstruct her life from the ground up. The economic collapse caused a Holy Shift – a complete shift in consciousness. It ignited her spiritual gifts and created an opening for her to become a "walk-in."

Victoria is following her soul's purpose of assisting the liberation of Humanity from fear-based beliefs to create a world of peace and prosperity for all. She lights the way through her books, programs and teachings and through interviewing other thought leaders on her Fearless and Free TV show.
